<b>LinkedIn</b>	<a href="https://www.linkedin.com/in/richmondasiedu">linkedin.com/in/richmondasiedu</a>

## Profile

Front End Software Engineer with hands-on experience in building intuitive web interfaces using React and TypeScript. Demonstrated ability to collaborate with cross-functional teams to develop and improve user-facing features. Focused on writing clean, maintainable code that enhances user experience and meets enterprise quality standards.

Lead development of responsive, high-performance web applications using **React**, **TypeScript**, and modern JavaScript (ES6+), improving page load times by 35%.

Collaborate with cross-functional teams (design, backend, product) to deliver user-centric features, resulting in a 20% increase in customer engagement.

Implement and maintain scalable component libraries and design systems, ensuring UI consistency across products.

Optimize frontend architecture and performance through code-splitting, lazy loading, and bundle analysis.

Mentor junior developers through code reviews, pair programming, and knowledge sharing, fostering a culture of continuous learning.
